DRESS FOR SUCCESS®

NW MINNESOTA

***Success is not about landing a job;
It's about building a career.***

WHAT WE DO

The mission of **Dress for Success®** is to promote the economic independence of disadvantaged women by providing professional attire, a network of support and the career development tools to help women thrive in work and in life.

HOW WE WORK

Dress for Success® provides each woman with one suit when she has a job interview. When she successfully lands the job, she returns to Dress for Success® for additional business-appropriate separates that will help her build a professional wardrobe. She also receives an invitation to join the Professional Women's Group, our employment retention program. Dress for Success® serves job-ready women **by referral only** from a range of non-profit organizations including domestic violence agencies, homeless shelters and job-training programs.

WHAT WE ACHIEVE

Our programs help women transition towards self-sufficiency by addressing their social and economic needs in relation to work, home and community.

Each woman is a success story: She has gone from *unemployment to economic independence.*

THE NEED

Appearance plays a major role in helping women get a fair opportunity to compete. Having a professional image that is appropriate to the industry and job category are essential factors in securing a desired position—and keeping it.

Think about this—if a woman doesn't have a job, she can't afford career-oriented clothing—but without the right clothes, she can't get the job.
